Please do not use your own personal wifi device during the Career Fair as it will interfere with the University's network.

Please connect to Career Fair from your device instead.

For any IT assistance, please visit the IT Help Desk outside the Conference Hall.

The seventh annual Career Fair will provide a unique opportunity for alumni and students graduating from AUIS and other universities in the region to engage with top employers. This year we have over two dozen exhibitors, from both the private and public sectors, as well as the humanitarian community.

In the past, AUIS held the largest career fair in the region, the Sulaimani Job Fair 2015, in collaboration with Foras/USAID. The two-day event attracted some 47 employers and 1,400 job seekers. The next year's job fair was held exclusively for AUIS students and graduates and despite the ongoing financial crisis, 36 companies from the private and public sectors registered for the event, as well as a number of NGOs and international development organizations.

In 2017, AUIS continued hosting this unique platform for both employers and job seekers as an arena to meet and discuss employment opportunities, and for employers to network and promote their brands.

The 2018 Career Fair is open to both AUIS students and alumni as well as upper-level students from top universities in Kurdistan. Exhibitors present at this year's event will have access to the most competitive pool of job seekers in Kurdistan. We thank you for choosing to be part of the 2018 Career Fair and wish all participants a productive and successful day!

Kurdistan Save the Children (KSC), founded in 1991, is a non-profit, non-political & non-governmental organization that works with the vision of “Protection, Health & Education for Every Child” without regard to race, gender, culture, political or religious affiliation. KSC works on programs to strengthen the role of government, build capacity and relieve suffering, hardship wherever they arise through programming in Child Protection, Health, Education and Youth Development.

Al Maha General Trading Co., Ltd. is the exclusive distributor of Nestle products in Iraq and has built a reputation for superiority in sales and distribution by exceeding stakeholder expectation on coverage, customer service, and profitably, capturing growth of the existing market and evolving channels. Our 300+ employees across eight branches report to our head office in Erbil. We focus on promoting a positive work environment and aim to be the best workplace in Iraq.

Middle East Sustainable Peace Organization - MESPO is a religiously and politically neutral, youth-founded, youth-led organization promoting peace and globalization through education, peaceful dialogue, and resolution of conflicts caused by religious, ethnic, political, and other differences. The organization aims to create strong sustainable cultural bridges between communities within Kurdistan, Iraq, the Middle East and throughout the world by means of empowering youth and utilizing their skills and talents.

The European Union in Iraq acts as a diplomatic mission, works closely with the 13 Member State Embassies that are represented in Baghdad as well as their Missions in Erbil. It ensures the tasks of the EU Presidency both in Baghdad and Erbil. The Delegation is the permanent and principal interlocutor of the EU vis-à-vis local authorities, the international community and all other stakeholders for all matters related to EU external action. Acting in close cooperation with all EU Member State diplomatic missions, the Delegation strives to ensure the unity, consistency and effectiveness of EU external action in Iraq. It ensures the follow-up of bilateral relations in the political, economic, trade, energy and development areas.

UNHCR coordinates with Government, UN agencies, local and international partners. The response for refugees includes activities related to registration, protection monitoring and advocacy, legal aid, psychosocial support, child protection, and sexual and gender-based violence (SGBV) services. Resettlement to third countries is pursued for a small number of refugees with acute vulnerabilities. IDP protection is a significant part of UNHCR's work in Iraq. Direct interventions are undertaken with local, regional and national authorities to ensure that those displaced can access safety in camps and in non-camp locations.

Huawei is a leading global ICT solutions provider. Through our dedication to customer-centric innovation and strong partnerships, we have established end-to-end capabilities and strengths across the carrier networks, enterprise, consumer, and cloud computing fields. We are committed to creating maximum value for telecom carriers, enterprises and consumers by providing competitive ICT solutions and services. Our products and solutions have been deployed in over 170 countries and regions, serving more than one third of the world's population.

The U.S. Department of State, Consulate General Erbil supports many educational programs, scholarships and other opportunities throughout the year for Iraqi scholars, students and professionals. These programs and scholarships cover a wide range of interests including communications and journalism, law, human rights, economic development, science and technology, teaching English, and other disciplines. The U.S. Department of State is a long-time supporter and a donor of AUIS.

Mercy Corps is a global humanitarian organization that uses practical, innovative approaches to solve the toughest challenges around the world. Our Approach: We believe youth are the engines of creation and opportunity; by empowering youth, we are building a better future for Iraq. We focus on reaching Iraqi internally displaced persons (IDPs), Syrian refugees and vulnerable host community members. Through this program, Mercy Corps aims to reduce the vulnerability of conflict-affected youth through increased livelihood outcomes, utilizing an approach that fosters psychosocial wellbeing.

AUIS Voice is an independent publication and is not connected to any political party, religious group or ethnic group. The Voice is an editorial that appears without a byline and represents the views of the student editorial board of the paper. Any other column, letter or cartoon is the work of the attributed author.

AMERICAN UNIVERSITY OF IRAQ
SULAIMANI

AUIS was established in 2006 when the Board of Trustees set out to establish a not-for-profit institution dedicated to providing a comprehensive liberal arts education for the benefit of Kurdistan, Iraq and the wider region. This new university would be designed to develop strength in critical thinking, the ability to communicate well, a strong work ethic, good citizenship and personal integrity. The Board sought to create an institution not only innovative in its teaching methodology, but also unique in its role as an establishment of learning unaffected by sectarian divides and affiliations, where talented students from across the country and region would come to learn, regardless of their ethnic, sociopolitical or economic background.

Dahlia Organization for Education and Research (DOER) is a non-profitable organization located in Sulaimani, Iraq. DOER is committed to providing solutions to the unstable governmental system in Kurdistan by providing statistical data to the public and policy makers. Our main focus is to collect, analyze, and publish primary and secondary data regarding all the fields of the society. Through the data we collect, DOER aims at finding the critical issues in our nation and proposing new and effective policies. The information we collect will be analyzed by a group of scholars and intellectuals in the society to make a change.

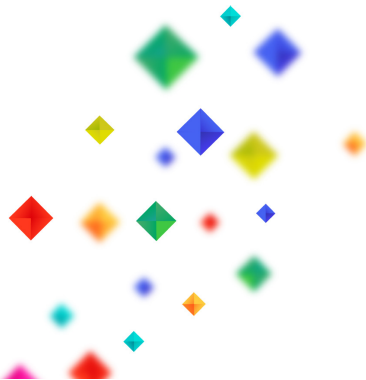

Zain Iraq is part of Zain Group, a leading telecom innovator in eight markets across the Middle East and Africa. Zain Iraq's strategy is based on understanding the consumers and making them the center of any service or idea. Zain Iraq's vision for the year 2020 is centered on creating a partnership with the youth providing them with products and services that can help them communicate with the world. In addition to providing the fastest Internet service 3.9G, regional expertise also ensures that the subscriber enjoys the most innovative and effective means of communication. Zain Iraq believes that you are "its Wonderful World".
